About Us

This app is for tourists or locals of Milwaukee that are interested in ghost encounters/hauntings. With so much rich history in Milwaukee, and the gaining popularity of ghost sightings, there seems to be a growing desire to find these encounters. The difficulty of being a ghost hunter/enthusiast is going to a new city and knowing where to begin. How does someone find something that may or may not exist? A scary good network of other ghost hunters, that's how. We have devised an app to solve that problem, and simultaneously generate a new scope of tourism revenue to our town, a ghost map.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
